MODERN DESIGN ON RAILS -You're looking at the Aerotrain, New York Central's newest passenger train. Scheduled to go into regular service next spring between Chicago and Detroit, it can handle up to 400 passengers and is expected to cruise at about 100 m.p.h. It features lightweight, low center-of-gravity cars of aluminum construction. Built by Electromotive Division of General Motors, the Aerotrain's lower building, operating and maintenance cost is expected to ease the difficult rail passenger problem.

BUSINESS MIRROR By SAM DAWSON

And the more push button the Sr.

at her fingertips is the equal of the

And the women will tell you it's high time, too. Around one third of the 54 million of the nation's women over 14 years of age are reported working now. Their total number is one third higher than before World War II.

Some 18 million women at work are under 65 and about a half million others are past that age. In the younger group the greatest percentage are in clerical or sales jobs. In the older group nearly ly a third of the younger group and a fifth of the older are doing professional, technical or industrial work.

Banks, for instance, now employ en branch bank managers

Since surveys show that in many sections there are more women than men locking away the money at night and taking it out again in the morning, one maker of safes has come up with a pushbutto door for bank vaults. The Herring-Hall-Marvin Safe Co. of Hamlton, Ohio, says that all the woman banker has to do is touch a fingertip to an electronically conrolled button, and then things happen automatically: Massive locking bolts are withdrawn, the pressure system is released, the multi-ton door swings open, the footbridge is lowered.

And if the electric power fails? Oh, says the company, then the vault can be operated manuallyby any man handy.

Since women are slowly getting their hands on much of the nation's wealth and live longer than men to enjoy it, the Phoenix Mutual Life Insurance Co. statisticians in Hartford, Conn., are among those who figure she could get an age break on insurance premiums. They have a new policy that lets a woman of 35 pay the same premium as a man of 32. Over a 20 year span she is said to save \$1,000 in payments compared to a man really her age. Men, you can't win any more.

"So right to come home to"

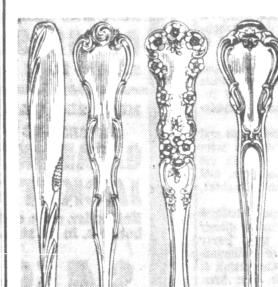

Just lately, brides-to-be from coast to coast chose new "Celeste" in Gorham Sterling over 63 other designs as the one they like best. We think you may, too.

Whichever Gorham pattern you do pick, you're sure of one thing: it's right. Literally thousands of brides this year (and their men) will agree with you. Come see our collection, and register your choice - now.

Incidentally, it's the Gorham Sterling knife handle which is seamless, dent-resistant and rattle-proof, gives you lasting pride in your silver.

Prices shown are for 6-piece place-setting, consisting of knife, fork, teaspoon, butter spreader, soup spoon, salad fork.

Great wind up to a great year -

# Buick Builds

Highest peak of all time points to Buick as the buy of the year!

LATEST BULLETIN: Buick's total new car production for the United States and Ganada in 1955 is crowding 800,000 at the time this goes to press.

Every time you traveled America's roads and streets and highways this year, you saw Buick history being made.

You saw more new Buicks than ever before -because more new Buicks were bought and registered in 1955 than in any previous year since car-building began. You saw big, beautiful new Buicks in ever-

increasing numbers because this year Buick outsold, by far, every other car in the land except the two most well-known smaller And if you had taken a look behind the

scenes, you would have witnessed new Buicks being built at the rate of over three cars per minute to meet the public demand. As Buick dealers, we recognized this mount-

ing demand from the first - and nurtured it

to the fullest benefit of the buying public.

For, with our growing volume, we were able to offer bigger trade-in allowances-and we did. So more and more people, attracted to the great new Buicks, found it easier and easier to buy them.

Today, the demand continues upward. With the much-wanted 1956 Buick-introduced last month, and now in full production—this calendar year closes with Buick building toward an all-time high of 800,006 Buicks. The New Year looks like a million.

So MAYBE you ought to look into Buick for

Maybe you ought to look into that stunning new sweep-ahead styling that's winning such raves. Maybe you ought to try the wholly new sweetness of Buick's superb ride — and the precise sureness of handling that goes with it.

Maybe you ought to sample the lofty new horsepowers that come from Buick's big new 322-cubic-inch V8 engines - and the brilliant new response of an advanced new Variable Pitch Dynaflow\* that brings you double-action take-off and a big boost in

Above all, maybe you ought to come in and see for yourself the bedrock value packed into every new Buick-and how much more sheer automobile your money buys here than the same money buys elsewhere.

Drop in first chance you get. We'll show you what solid worth Buick builds into cars to win such soaring success-and how favorable a trade-in allowance we can offer you with such tremendous volume to back us up.

\*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century-optional at modest extra cost on the Special.

Chevrolet's taught dynamite

good manners!

With its frisky "Turbo-Fire V8," this Chevrolet is pure dynamite, all right. But it's beautifully mannered, tooquiet, well-behaved, instantly obedient

to your slightest signal!

You'll notice it right away: the live-wired, wide-awake way this '56 Chevy responds to your wishes. Almost as if it's reading your mind! And that's one of the things that make Chevrolet such a great road car. With its rapid-fire reflexes, a Chevrolet's more fun to drive, and safer, too!

Nudge the accelerator. Your Chevy scoots away and you're aware of the split-second chain reaction of your toe to the "Turbo-Fire"! There's your dynamite—with horsepower ranging up to a high of 205. What makes it even better, the car is built for its power-with a low, low center of gravity, well distributed weight and wide-apart rear springs. There's your stability, and safer handling. Of course, all doors have safety 'latches-and instrument panel padding and seat belts, with or without shoulder harness, are available at extra cost. And it's the only low-priced car that gives you directional signals as standard equipment. Want to try a new Chevrolet? We're ready any time you are.

# News of the World in Pictures ?

A SIDELINES SEAT—Lovely Cyd Charisse relaxes between takes of her dance routines for musical "Meet Me In Las Vegas" in Hellywood studio. Dancing Dan Dailey and a host of headlining guest stars appear in the film.

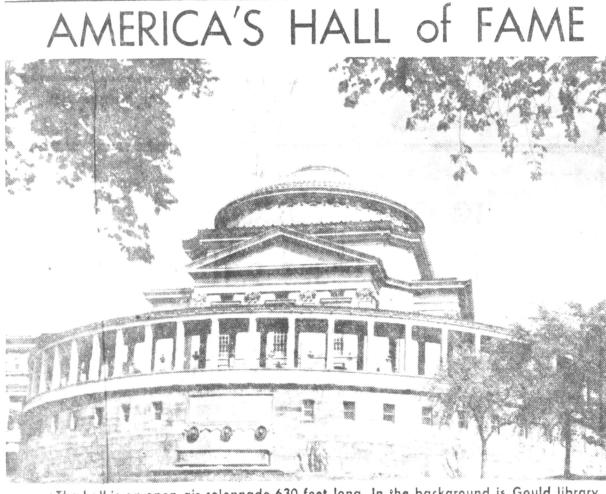

AN ELEPHANT HIDEAWAY—Chico, pet Chihushua from Oconomowoc, Wis., decides to make this miniature china elephant his own particular property. Chico could curl up quite comfortably inside. Another spot is inside a French horn in the other room.

ATOM-AGE TELEVISION—Capt. D. F. Campbell speaks to his crew aboard the Ark Royal following the installation of remote control TV equipment aboard the ship. TV sets are used for operations and entertainment for all parts of the British carrier.

SUNSHINE IN NASSAU—Visitors who have been there claim that Nassau's "Paradise Beach" is aptly named. At that, what spot could be more appealing this winter?

The hall is an open-air colonnade 630 feet long. In the background is Gould library.

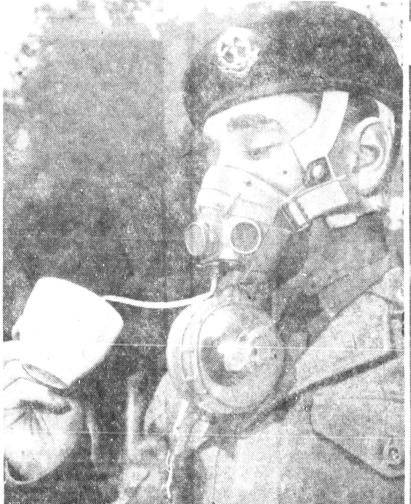

the Hall of Fame for Great Americans at New York university. They are Wilbur Wright, pioneer in aviation; George Westinghouse, inventor of the air brake, and Gen. Thomas Jonathan "Stonewall" Jackson, popular southern hero. They are becoming members of a group that includes 83 other American men and women — builders, diplomats, educators, scientists, presidents and authors. Elections to the shrine are held every five years. The shrine overlooks the Harlem and Hudson river valleys. It was originated at the turn of the century by Dr. Henry MacCracken, then chancellor of NYU. In its 55-year-history, the Hall of Fame for Great Americans has been paid the compliment of imitation many times, but it still remains a unique monument.

Among those in the section are Alexander Graham Bell (extreme left) and Eli Whitney.

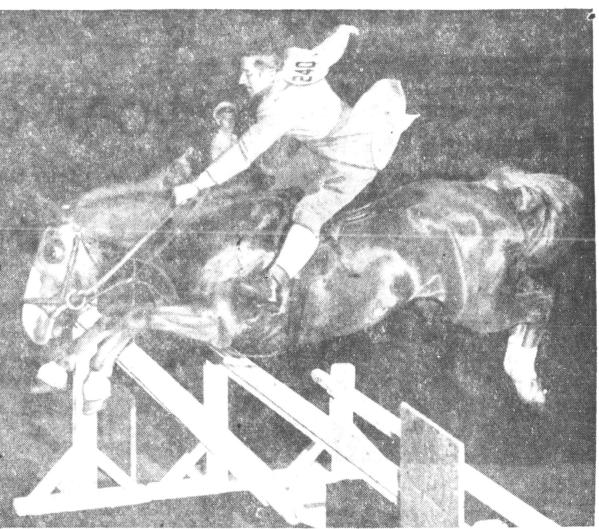

LIKES LIMELIGHT—Seven-months-old Prince Henri of Luxembourg appears to be enjoying his first photographic appointment, particularly with his father, Prince Jean.

rime for TEA—Drummer C. Fletcher of the Middlesex regiment takes a drink from a cup while wearing a strange looking apparatus that determines how much energy recruits use up in basic training. Machine records amount of air exhaled. British Army is using the machine in tests.

\*\*King Features Syndicate\*\*

**UP AND OVER THEY GO**—Donald Sutherland clears a hurdle on his mount, Fairfax, in a jumper spread fence elimination at a New York show. Don placed high on list.

SHE'S LIONIZING HIM—Margit Nuenke, "Miss Germany of 1955," feeds a baby lion during a welfare show in Berlin, but the baby lion wouldn't let her lead him around

FLYING CAMERA—This RP-71, originally designed as a radiocontrolled target drone, has been modified to function as a pilotless photo reconnaissance plane. It can supply front-line tactical commanders with aerial survey photos of enemy positions in less than an hour, according to Signal Corps officials. The 12-foot drone is made by Radioplane Company at Van Nuys, Calif. A company engineer is shown above installing a camera in the forward section of the drone. Cameras are operated during flight by the graft's radio-control system

### PUBLIC AUCTION RESIDENCE PROPERTY

Saturday, January 7, 1956

2:00 O'CLOCK P. M. ON THE PREMISES LOCATED IN THE NORTHEAST CORNER OF FRANKLIN, ILLINOIS,

Which is the true Dr. John, the Western or the Com- to put their foot on the brake of munist one? Or is there one? Some have suggested that he their motor car. The streets are is not a case for the police but for the psychiatrist.

There are, of course, "double agents" who try to is as if you were playing a role serve both sides. Seldom, however, are they so bold and a mob scene in "Ben Hur." If melodramatic as Dr. John has been. This very openness being caught in a gladiator contest could be designed to be disarming to the West.

Figuring out the truth about this man and his mind of bringing along a bottle you'd ought to occupy G-2 in Bonn and other Western capitals better to fetch a book on first aid.

As a result of the widespread for a good space of time.

### THOSE GADGETS AREN'T LIGHTNING RODS

In the depression 1930's and even into the prosperous ment is really as unseemly as it 1940's, one of the gauges of rural progress applied was is unnecessary. After all, just bethe number of farms with electric light and power.

Though there are still some soft spots in rural electri-self. too? fication, it's outmoded today as the measure of the farmer's advance. One of the big questions now is: "Has he got a kind of wake. Unrestrained levity a television set?"

The actual figures are really a little astonishing. One Why not be the first in your crowd third of our farms do have TV sets, and the percentage ap- Years Eve party? pears to be rising rapidly. In the Middle Atlantic states, Here's how to do it. First of all. the figure is 63.1 per cent, in the East North Central tier invite only people who can get to 54.6 per cent, in the general Northwest 52.2 per cent. Only the West and the South have percentages below 45.

If one were minded to get scientific, he could undoubtedly say a lot about the changes this can mean in as he enters the door. Any bottles the farmer's way of life. It comes close to ending the tra- you find are emptied down the ditional farm isolation which has been lessening with every advance in transport and communications.

Wisely directed to serve farm needs, TV may be the 10:00 - Each guest is allowed answer to that old one: "How're ya gonna keep 'em down to rise and tell the lunniest thing that happened to him during the on the farm?"

LINCOLN-MERCURY

Last week the Trustees of the Ford Foundation announced a three part, one-half billion dollar gift that will be of direct benefit to virtually every community in the United States. I am sure that by now you have heard or read about the proposed grants which the Foundation will award to privately-supported colleges, universities, hospitals and medical schools throughout the country.

The Ford Foundation has undertaken this program—the largest in the history of philanthropic giving—to serve all the people of our nation. Because of the interest in Foundation activities that many of you have expressed to me from time to time, I thought you would like to know exactly how the gifts will benefit institutions in your state.

The program in aid of medical schools has not yet been fully developed and the recipients of the \$90,000,000 set aside for this purpose will be designated at a later date.

As chairman of the Trustees of The Ford Foundation, I am pleased and proud to call this program to your attention. Like every other citizen, you have a stake in the great tradition of private philanthropy in America. I want to do everything within my power to encourage your interest in institutions, such as The Ford Foundation, Very sincerely, which further this tradition.

Make Friends

Manners

It is rude to hang up without a word when you realize you have dialed the wrong number. Saying "I'm very sorry but I must have the wrong number" as graciously as possibly at least shows you regret having needlessly disturbed a stranger.

He, of course, should meet your apology with a courteous, "That's quite all right."

CHURCH NOTICE

Central Christian church, Gerald Miller, minister. Howard Reynolds, Sunday school superintendent. 9:50 a.m. primary, kindergarten and nursery departments will meet in their own departments, 9:50 a m. Worship service. Junior department through all adult classes will come to the church sanctuary for the service which will close at 11:00 a.m. The sermon will be "Refuse To Go Back." The choir under the direction of Mrs. Francis Plouer will sing "Ring Out, Wild Bells" by Gounod. Dr. Ralph Robbins will be the guest organist.

RED CROSS IN KOREA

GENEVA (P)-The Red Cross of Red North Korea has applied for membership in the League of Red Cross Societies and will be considered by the executive committee next year. South Korea is a mem-
